FOR IMMEDIATE RELEASE

Oklahoma School of Science and Mathematics Hold College Day Signing Rally

Oklahoma City- (May 1, 2018)- The Oklahoma School of Science and Mathematics will hold their first academic signing day, celebrating where each student will commit to a college.

The OSSM College Signing Day rally will be held on Thursday, May 3rd, at 4:00 p.m. in the OSSM Gymnasium. This Signing Day (based on sports "signing days") is being organized to promote excitement about every senior's college choice and give everyone a chance to cheer on their peers.

Cynthia Parish, OSSM College Counselor said, "We need to celebrate the positive choices our students have made that have set them up for success in college and beyond. We also want to encourage them to be active within their chosen college community and become engaged citizens of the world. Ultimately, we want to show everyone what an "OSSM" difference these young people can make no matter where they are!"

OSSM is a residential high school for juniors and seniors from across the state and is the only one of its kind in Oklahoma. Its mission is to prepare young Oklahomans to think critically by excelling in the studies of science and mathematics. The curriculum is designed not only to immerse students in a rigorous two-year program of advanced physics, mathematics, biology, chemistry and humanities, but also to instill in them a sense of community service.
