

OKLAHOMA SCHOOL of SCIENCE and MATHEMATICS

July 7, 2020

Dear OSSMCommunity:

I am writing to update you on a recent change to OSSM plans for fall.

As stated previously, fall semester classes will begin on Wednesday, July 29 and end at the conclusion of the school day on Tuesday, November 24 (the Tuesday before Thanksgiving); however, because of the recent alarming rise in the number of COVID-19 cases in Oklahoma and at the advice of the Attorney General's office, we will begin the semester with remote teaching.

Our hope is to have students on campus sometime in the fall; however, in the meantime, we will continue to monitor the situation and consult with government and health officials.

Prior to the beginning of classes, we will conduct workshops for our Faculty and Staff on how best to work with your children remotely. Should you have questions about the opening of school and the start of classes, we plan some online Town Hall meetings next week at dates and times that will be announced in a separate email.

As always, I am grateful to each of you for your patience and understanding in this evolving situation. Please continue to check your email and OSSM's social media sites for further updates.

Sincerely,

Frank Wang

President

Oklahoma School of Science and Mathematics
